MORE

We deliver anywhere in **North America.**

Our strategically located warehouses throughout the United States and Canada allow us to maintain the most extensive supply chain of premium hardwoods, decking, and cladding materials in North America. We offer flexible shipping options, delivering your products wherever you need them, whether that's across the country or just down the street.

Fully loaded warehouses

Take advantage of our branches across North America and rest assured knowing we have your job covered — always.

New containers coming in every week

Every time you call us, we'll have something different for you. From a variety of profiles and sizes to brand new collections, we're constantly expanding our inventory.

Sustainably managed forests

At Lumber Plus, we have complex systems in place to ensure that all the lumber we sell is harvested in accordance with the most stringent sustainability standards.

FSC® certified hardwood products available upon request.
